

HBRACES MEMBERSHIP POLICY

The following HBRACES membership policy is now in effect and was discussed and accepted by vote at the November 2010 HBRACES general membership meeting:

Member Status:

- Active Member in good standing
- Not a member
- The **"inactive" status has been eliminated** and all those on the inactive status list are welcome to become members in good standing by simply notifying Manny kg6iql documentation officer of your intent.

Policy to remain a Member in Good Standing:

- Must attend at least 2 HBRACES meetings per year. These can be quarterly general membership meetings or monthly officer management meetings.
- Must participate in at least 2 official HBRACES events per year. These can be training events, community support, or activations.
- Must participate as Monday night net control for the weekly HBRACES net. The net control schedule will be posted on the HBRACES website showing assignments for 1 year in advance so you can arrange your schedule and make trades as needed to fulfill your obligation. Individual hardships preventing net control obligation can be presented to the HBRACES officers at any regularly scheduled management meeting.
- Check-in to the Monday night weekly HBRACES comms net to the best of your ability.

Your HBRACES officers will formally review the documentation officer's tracking of the membership participation every 12 months to ensure members in good standing have met the requirements to maintain their status.
